

## LOOK AFTER YOUR CHILD'S HEALTH IS THE ADVICE GIVEN

Health Department Urges People of Mason County to Attend to Little Physical Defects in Their Children Before School Opens.

The following bulletin has been issued by the Mason County Health Department:

If your boy or girl, in the inspection last year, was found to have some defect easily remedied, why not have it attended to now? If this defect has not been corrected during the summer vacation, it may still be done, although the time is short.

Your child will lose time from school if this is not done before vacation is over.

If the teeth need attention, go to your dentist and prevent suffering and loss of time during the school year.

Enlarged and diseased tonsils and adenoids are responsible for many a backward child.

For that near-sighted child have him fitted with proper glasses. How can you expect him to keep pace with the children with normal vision, unless you get him glasses.

We boast of this country as one of equal opportunity, but the physically strong and perfect have much the best chance to get on in the world. Do not let your child suffer under a handicap which could be easily removed.

And of course have your children vaccinated against small pox, if they have not been successfully vaccinated within five years. The state law requires vaccination for school children.

### NOTICE

Policy holders of the Farmers Mutual Insurance Company, of Mason County, are hereby notified that according to section 3, paragraph No. 7, Restrictions, reads as follows: "In case of loss under this policy the insured shall give immediate notice to the company of such loss, and failure to give such notice within twenty (20) days after a loss has occurred will forfeit the insured's right to recover from the company."

All persons holding a policy and who has sustained a loss are urged to report such loss immediately. JAMES B. KEY, Secretary.

## B. KUPPENHEIMER & COMPANY

415 So. Franklin Street  
Chicago, U. S. A.

August 15, 1922.

Geo. H. Frank Co.,  
Maysville, Ky.:  
Gentlemen:

Only regular customers are customers. It will therefore be readily seen that making customers is much more important than making sales.

How are regular customers made?

Certainly not with bargain prices or inferior merchandise.

A regular customer is a satisfied customer, and nothing in the world makes a satisfied customer but good quality, fair prices and intelligent service.

That's a fundamental law of human nature. It is true always, during hard times and good times, when prices are low or high.

Very truly yours,

B. KUPPENHEIMER & COMPANY.

## COLLINS WILL NOT BE REMOVED, SAYS HAYNES

Prohibition Commissioner Haynes Pays High Tribute to Kentucky's Prohibition Officer.

Cincinnati, Aug. 30. — "State Prohibition Officer Sam Collins, of Kentucky, has my support 100 per cent," was the comment of Prohibition Commissioner Roy Haynes when his attention was called to a message that efforts were being made to have Collins removed, according to a special dispatch to the Cincinnati Times Star today.

"Mr. Collins, who is one of the highest paid prohibition officers in the country," continued Major Haynes, "has had the opposition of the forces that favor law violation ever since he assumed the office. He will not be removed, and his resignation, if tendered, would not be accepted."

Commissioner Haynes' statement was prompted by action taken at a meeting of the congregation of the First Baptist church in Newport Sunday night. A telegram was sent to Washington protesting against attempts to remove Collins.

The telegram stated that liquor interests were back of the movement to have him ousted.

"At present Mr. Collins and other prohibition enforcement officers under his jurisdiction are doing their utmost to make the law and constitution supreme," the telegram read.

"We thank you for your services in the past and pray you to defeat this effort to oust these men from office."

## MANY CRIMINAL CASES ON CIRCUIT COURT DOCKET

Although Court Docket is Loaded With Criminal Actions, It is Not Likely That Many Will Be Tried.

Fall term of the Mason Circuit Court will be opened on next Monday morning by Judge C. D. Newell. As a usual thing the fall term of court is a very busy one but indications at present are that there will be very little business attended to this term as there are few cases of any importance on the dockets although there are many small ones.

The docket shows a total of 78 criminal cases many of which have been hanging fire for months but indications are that only a few of these cases will come to trial. Of the total of 78 cases, nine of the indictments are against the City of Maysville and six against the Maysville Water Company charging them with maintaining a nuisance.

A total of 84 civil actions were filed during the past recess between courts, of which 43 are equity cases, 38 common law cases and three appeals.

## CITY SCHOOL HEAD IN STATEMENT TO PARENTS ON OPENING

City Superintendent Caplinger Issues Statement to Parents of School Children on the Opening on Next Tuesday.

Prof. W. J. Caplinger, Superintendent of City Schools, makes this statement on the opening of schools.

The schools will open Tuesday morning September 5th. All children are to report at the building in the district in which they live. If any rooms are too crowded some children who desire to change, to another building will be permitted to do so if conditions warrant such change. We haven't but one desire and that is to make the schools of the greatest possible service to the city and its children, this is not to be interpreted however, to mean that it is possible or even best to allow each parent to rule arbitrarily concerning his or her private interest as schools are conducted on the general principle of "the greatest good for the greatest number."

The principal of the High School and I will be in the office Saturday to assist in arranging the studies of any students desiring such help. Children who attended the summer school should call at the office Saturday or Tuesday afternoon if they are uncertain as to their classification. The buildings have been in a course of cleaning for the past five weeks and parents may rest assured that we are going to do all within our power to keep them sanitary and attractive the entire year.

We should like to urge that every child be on hand Tuesday morning. Do not start the school year making apologies for unperformed duties.

There will be a teachers' meeting at the High School building at 9 a. m. Monday. Consequently it will be impossible to see parents between that hour and 4 p. m. W. J. CAPLINGER, Superintendent.

## SHOWALTER ADDS TWO MORE GAMES TO WIN

Former Mason County Man Defeats Western Champion—First Time He Has Been Defeated in Five Years.

Louisville, Ky., Aug. 31. — Continuing the brilliant playing which marked his games during the first two days of the Western Chess Association tournament, Jackson W. Showalter, of Georgetown, Ky., former national champion, yesterday added two more victories to his list, making him tie with N. T. Whitaker for first honors.

Showalter defeated Edward Lasker, of Chicago, present champion, in the adjourned game which was played yesterday morning.

Lasker resigned when he saw he had no chance to win. The Kentucky master had two pawns, one of which was offered as a sacrifice. Had Lasker taken this pawn, Showalter would have made a queen with the other. After the game was finished, Showalter showed that Lasker lost through an error of judgment, where in the middle of the contest he moved a queen to a knight's four instead of to a bishop's five. This was Lasker's first defeat in five years. Last night Showalter added his fourth victory when he defeated Palmer. He played his usual brilliant game, winning on a king-side attack.

## BLUE GRASS LEAGUE LOOKS VERY PROSPEROUS

The best indication of the prosperity of an individual is by his dress. The Paris Mammoths arrived Thursday morning by train, the entire team being diked out in handsome black sweaters decorated with the initial "P" which they wear with their street attire as well as on the field.

The Cardinals for the first time this year will break in a new set of uniforms in the Paris game Thursday. Their former equipment was hand-me-downs from the Cincinnati Reds.

Following the Paris game is the Lexington series of three games starting Saturday and ending Monday with a holiday game on Labor Day. The Horseshoe Band will give a concert at the ball park prior to the game.

## THREE STRIKERS ARE GIVEN 45-DAY JAIL SENTENCES

Shopmen, Owning Guilt To Violation Of Injunction Are Sentenced.

Louisville, Ky., Aug. 31. — Judge A. M. J. Cochran, in the United States District Court, yesterday sentenced three striking railroad shopmen to serve forty-five days in the Jefferson county jail, after they had pleaded guilty to charges of violating the Federal injunction restraining strikers from acts of intimidation.

The three prisoners, William Skaggs, William Munt, and John Spiers, all of Louisville, were immediately taken to jail. They were charged with attempting to intimidate Ray Hendricks, 17 years old, an employee of the Louisville & Nashville Railroad, by abducting him in an automobile from Highland Park August 7. The first trial of their cases last week resulted in a hung jury.

Judge Cochran reprimanded the defendants for not entering pleas of guilty at the first trial. He stated that he dealt leniently with the men because he understood the strong temptation to violate the injunction.

Cases of ten other strikers charged with similar violations are set for September 10 in the Federal Court.

## GOVERNMENT CON- TROL EXTENDED TO WEST OF MISSISSIPPI

Interstate Commerce Commission Declares Emergency Existing West of the Mississippi and Issues Priority Orders.

Washington, Aug. 31. — The Interstate Commerce Commission declared today an emergency existed on the railroads west of the Mississippi and extended its priority orders to that vast territory, effective September 1.

Under a previous emergency declaration, the priority system was ordered only for territory east of the Mississippi, although all railroads were ordered to expedite shipments of essential commodities.

Declaring that, "in the opinion of the commission, an emergency, which requires immediate action, exists upon the lines of each and all the common carriers by railroad subject to the Interstate Commerce act west of the Mississippi," the commission issued Service Order No. 24, which promulgated rules for the movement of all freight traffic in the west.

Priority in the movement of food, fuel, livestock and perishable products is ordered by the commission.

Priority in the movement, exchange, interchange and return of empty cars to be used for transporting these commodities, also was ordered. This was taken to mean that equipment on the western lines is deteriorating rapidly.

## EASTERN STAR TO INSTALL OFFICERS FRIDAY NIGHT.

## FRANCE IS DETER- MINED TO ENFORCE GERMAN PAYMENT

French Troops Ready to Occupy Territory Should Devotion Be Adverse —German Propositions "Unacceptable."

Paris, Aug. 31. — Grim determination to obtain reparations from Germany, seize guarantees and enforce such payments in the event that the reparations commission's decision tomorrow should grant a moratorium to Germany without exacting the securities demanded by France is everywhere evident in French official circles tonight.

While official announcement is withheld, in order not to interfere with the work of the commission and owing to the desire of the French government to allow the German delegates every possible opportunity to make a final proposal which might be acceptable to France, French officers talk and act as if the plan were adopted and France's decision to take coercive measures against Germany already had been decided upon.

The war office also is very busy and is in constant communication with General Degoutie's headquarters at Mayence. Large movements of troops were reported from Nancy, Metz and the Rhine and there seemed to be no doubt in the minds of officials generally that the occupation of the Ruhr was a foregone conclusion, should the commission's decision go against France.

Herr Schroeder's propositions to the commission are described as "absolutely unacceptable."

MR. SCRUGGS' WILL IS PROBATED.

In the Mason County Court late Wednesday a paper bearing date of May 31, 1922, and purporting to be the last will and testament of J. W. Scruggs, deceased, was produced. The due execution of the paper was proven by the testimony of J. B. Durrett and J. N. Kehoe, the attesting witnesses, and was admitted to probate.

The Bank of Maysville was appointed Trustee of James T. Scruggs and qualified as such by its Vice President, N. S. Calhoun, with its capital stock as surety.

## OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

## STRIKES AND CRIME

Two unfortunate strikes are great causes why farmers are not receiving better prices for their productions. There are other reasons, but the two strikes are the most important at present. We anticipate that these strikes will be settled in August.

In connection with the strikes we notice that there is a great difference in the attitude of the federal and state governments towards the striking and employing elements. There is also considerable difference in the attitude of the daily newspapers and the minor law enforcement officials.

In many instances, in many years, strikes have been brought about in the full belief on the part of the strike managers that if they could not win on the merits of their cause they could win by intimidation and crime. And many strikes were won through the lax enforcement of the law. In other words, the worker, who had a right to protection, did not get it.

The present strike started out with a case of intimidation, violence and murder. The local calculation at Herrin, Ill., must have been to defy the law, to laugh at the government and to win the strike by crime. How far the Herrin incident has influenced government officials we know not, but we believe it had much to do with the fact that today, while there is the usual assertion that the strikers have the right to strike, there is also another assertion, equally true, advanced boldly, that those who are willing to work cannot be denied the right to work.

The United States administration has declared the intention to protect all men in the right to work and the state governments have done the same. Officials have definite instructions that they must do their duty and protect all workers. The assertion that the workers must be protected in their right to work is the new proposition. Their right always existed but the protection was often withheld.

Some years ago the Citizens' Industrial Association of St. Louis adopted a slogan, which was "No strike shall be won by crime." It is a matter for congratulation that the state governments and the United States government are in a fair way to adopt the slogan. It is a good slogan for daily newspapers to carry at the head of the column.—National Farmer.

## GREAT BRITAIN AND SHIPPING BILL.

The Mississippi Valley association, through President James E. Smith, has issued a forceful statement, in the form of a letter to United States Senator Joseph E. Randell, exposing the British propaganda against the ship subsidy bill championed by President Harding.

Extracts from leading British papers are hardly needed to prove that a bill which will give to this country an adequate merchant marine will seriously interfere with the British monopoly, which is forcing Americans to transport their products to foreign markets in British instead of American vessels.

These extracts, however, substantiate the charges that England is seeking to control legislation by the American congress in behalf of an American merchant marine. They strengthen the argument that those who are opposing the shipping bill are merely playing into the hands of foreign competitors of the United States.

The Missouri Valley association statement makes it clear that the bill does not effect a proposal any governmental control of American shipping, but, on the contrary, seeks only to extend judicious assistance to private enterprise, to enable it to hold its own in a competition which is hopeless under existing conditions without such assistance.

The American scale of living cannot compete by and of itself, with that of foreign countries and no patriotic American wants it to do so. American efficiency is superior to that of foreign competitors, but it cannot be expected to offset the inequities of differing standards of living in other costs of operation.

The subsidy is inconsiderable when compared with the enormous losses now being sustained. It is costing the government \$50,000,000 annually for the upkeep of empty vessels now idly swinging at their anchors, while foreign competitors are reaping the rewards of operation, which is materially assisted by foreign subsidies.

That is one of the ironies of the situation. Foreign countries are successfully aiding their shipping, while opposition to such a system here is delaying the enactment of a law which the president declares to be so vitally necessary that he will summon congress in extraordinary session, if necessary, in order to secure its passage.

English newspapers are loudly calling on the so-called "pro-British" party in this country to defeat the subsidy bill. Isn't it about time the "pro-American" party was receiving additions to its strength to enact the ship subsidy bill? Which would bona fide Americans prefer—heavily subsidized foreign—chiefly British—ships carrying American goods or moderately subsidized American ships carrying those commodities?—Kansas City Post.

## WHAT CAN PARENTS DO?

Trying to follow the best intentioned advice these rushing days has its perils as the father of a 13-year-old daughter in New York has discovered through the medium of a six months' sentence to jail. Whether he is of the old school with a mind of his own or has been influenced by the advice of genuinely old-fashioned who say the right remedy for flapperism and the general modern trend among American youth is a quick return to old-style discipline does not appear. What is sure is that the daughter was not so prompt in running an errand as her father thought she should have been and to impress the delinquency upon her mind she was whipped.

Instead of standing by parental discipline neighbors reported the incident which resulted in his arrest and imprisonment for six months after a magistrate had expressed regret he could not make the penalty worse. Whipping a 13-year-old girl may be one of the best cures for modernism, but a remedy which seems fairly certain to bring its own troubles. Parents are criticised by magistrates for relaxation of restraints and sent to jail for six months when they refuse to spoil the child by sparing the rod. Perhaps masterly inactivity is best.

## WASHINGTON LETTER.

Washington. — That the United States has been active in promoting world welfare instead of sending idly by, as charged by some, is asserted by the Republican Publicity Association. The association says: "This disregard of truth exhibited by some of the leaders of the Democratic press is illustrated by the following taken from the Omaha World-Herald, published by Senator Hitchcock:

"While the Allies have been bankrupting Germany and bankrupting themselves with heavy taxes for enormous armaments, the United States has stood by, refusing to lend a hand to save the situation."

"That statement is not justified by the facts. We shall not discuss the issue so far as it relates to the financial affairs of the Allies and Germany, but we deny the aspersions upon the good name and honor of the United States."

"The United States has taken the lead in everything that has been done looking toward a practical plan of reducing expenditures for armaments. The proposed League of Nations was a league for war, not for peace. President Harding called the Washington conference at which the leading nations of the earth agreed upon a plan of reduction of armaments and the news columns of Hitchcock's paper have carried accounts of the plans for scrapping ships not only in this country but in other countries party to the treaties. Newspapers throughout the country have published pictures showing the process of destruction of ships of war. The United States and other nations have made provision for reduced personnel in both army and navy, and this was made possible through the initiative of the United States. Yet the Omaha World-Herald would have us believe that the United States has stood by and refused to help save the world from bankruptcy."

"But the statement quoted is untrue if applied to industrial America instead of to the government. Statistics of our foreign trade show that in the last fiscal year we sold Europe goods to the amount of \$1,200,000,000 in excess of the amount of goods we received from Europe. In the year previous we sold to Europe goods to the amount of \$2,500,000,000 in excess of the amount of goods we received from Europe. We certainly did not get the balance in cash, so we must have sold that amount of goods on credit. In the past two years, long after the war ended, we gave Europe credit of \$3,700,000,000 when she already owed us in government and private accounts some twenty billions of dollars."

"But that is not all. We have not only tried to help Europe through our governmental activities, and through our capitalists of industry, but our philanthropic organizations, with the cooperation of the government, have sent direct aid to the suffering in both Europe and Asia."

"The good people of Nebraska who take pride in the good name of the United States should present these facts to Senator Hitchcock and to the World-Herald and ask for an explanation of the charge that the United States has stood by and refused to help."

## THE CURL-BEGGAR

"Wontcha gimme one o' them curls?" he said  
To every child with a curly head  
That he ever met. Thin he'd grin and smirk  
Expecting applause for his keen brain work.

While the child would cling to its mother's hand  
Indignantly; or merely stand  
And stare at the stranger as if to say:  
"How did the old nut get that way!"

"Aintcha goin' t' gimme a curl?" he'd squeak  
And pinch the little one 'srosy cheek  
Eere it shied away to shield its face  
In the most convenient hiding place.

And he'd chuckle around and think he'd done  
The cleverest thing beneath the sun—  
For fifty years he had begged da curl  
From every curlyhead boy or girl.

"Well, give us a curl!" he'd blithely say,  
Then simper and smile in the same old way  
As if he had managed at last to spring  
On a waiting world an original thing.

Yet we never were cross with the poor old man  
Though we'd heard his "joke" since time began  
For we knew that his heart was kind  
And sweet.

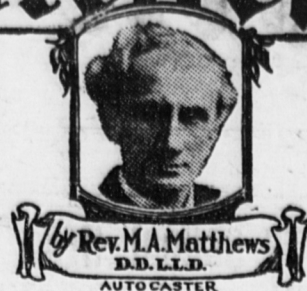

And he loved each child that he chanced to meet.  
—Strickland Gillilan in Farm Life.

## DYNAMITE EXPLOSION DAMAGES RAILROAD BRIDGE IN FLORIDA.

Jacksonville, Fla., Aug. 28. — A dynamite explosion tonight damaged a bridge on the Florida East Coast Railway at Spuds, fifty miles south of here. Trains were moving over the bridge tonight under "slow" orders. No arrests have been made.

—Taylor county, Kentucky, had a population of 12,236 in 1920 as compared with 11,961 in 1910. The county contains 172,854 acres of land. Campbellsville the county seat, has a population of 1,535.

# Punchettes

When you face the world and try to do something for the benefit of mankind, you are confronted with serious problems. How to solve them, how to eradicate the evils, and how to succeed in the work of general betterment is, of course, a great task. The following problems, if solved, would bring America peace, happiness and prosperity. Let us solve them.

## SOME PROBLEMS

FIRST—Apathy. America's people love good humor. Feed them well and permit them to sleep and they will laugh through any storm and ride through any disaster. Immediately after the disasters of life have apparently passed, however, they settle down into a state of apathy. That condition is today settling upon us.

During the war, we preached preparation, watchfulness, and the curbing of all radical forces. When peace was announced, we settled back into the habit of eating, sleeping, and laughing. The "red" forces didn't sleep; the powers antagonistic to good government

didn't sleep. Apathy is the enemy of preparation. America has never been ready for any war, and unless we cure apathy, we will never be ready for any battle. Every boy in America should have at least three months of military training; every young man in America should take advantage of the Citizen's Training Camp every summer.

SECOND—Broken family altars. Ninety-three per cent of the homes of America are without family altars, and ninety-nine per cent of the homes of the world are without family altars. You cannot rear a family in an un-Godly atmosphere and give to the world virtuous sons and daughters. Millions of our people have passed through the infamous divorce court, because the family altar was not in the home to check the march toward domestic destruction.

THIRD—Sabbath desecration. Men cannot ignore the law of God which commands every man to stand still and rest on the first day of the week. The Sabbath desecration which is on the increase in this country is largely responsible for the confusion, the chaos, and the anarchy that is rampant in this land. Bring men back to the observance of the Holy Sabbath.

FOURTH—Neglected spiritual duties. It is the duty of every man to be in his church pew every Sunday morning, to give his child a spiritual education, to set before his family a spiritual example and to give some of his time to the spiritual work of the church. Men are neglecting their churches; they are forgetting their spiritual duties; they are omitting to pay their obligations to God.

America was intended to be a land of Christian people. You can't be Christian and neglect your spiritual obligations.

## poem by UNCLE JOHN

In summer evenin's, calm an' still, we used to hear the whippoorwill send forth his plaintive note; we heard the twitter of the frog—the baying of the old coon-dawg,—the grunting of the shot.

The glory of the summer night, when cricket's chirp an' skelter's bite, lent spirit to the hour,—delightful in its warp an' woof, the rain-drops on the clapboard roof, grew dreamers full of power. . . . But now, alas! The modern war commences when we hit the hay, an' scorns the midnight bell. . . . We hear the squawks from Timbuctoo—the dismal groans from Waterloo,—the frenzied shrieks from hell!

We gather in all noise that's made,—the devilish rot of every grade—broadcast through the air. . . . We tune our dingus up at night, and ketch the hymns of hate an' spite, that's let off—everywhere! I used to use a poultice hot, for all the innard pains I got—so draw 'em to the skin,—but I ain't got no keen desire fer rigs that draw without no wire, an' fetch hysterics in!

For every body.

## Uncle Sam's Neptune Ace On Longest Flight

When Lieut. Walter Hinton, U. S. Navy, flew the first seaplane across the Atlantic in 1919, he wrote his name in history. He is now on another assignment, in a Navy plane flight from New York to Rio de Janeiro, which if completed will be a record trip of 8,400 miles.

Lieut. Hinton with a pilot, a mechanic, one newspaper man and a Brazilian passenger, left New York August 17th and is expected to reach Rio September 7th, in time for the opening of the Brazilian Centennial Exposition.

All down the Atlantic coast Hinton's craft, the Sampaio Correia, encountered heavy head winds and was often turned back. This is one of the biggest seaplanes yet built by Uncle Sam. The pictures show Hinton (indicated by arrow), and crew. Insert shows seaplane at start of the flight, just before raising from the water.

## FORGET-ME-NOT DAY DESIGNATED FOR CELEBRATION

Disabled American Veterans of the  
World War Celebration To  
Be Held on November  
Fourth.

Cincinnati, Ohio. — In a stirring proclamation to the wounded and disabled war veterans of the nation, C. Hamilton Cook, national commander of the Disabled American Veterans of the World War, announced that annual national "Forget-Me-Not Day" of that organization will be held on Saturday November 4th. Everywhere in the United States, committees will be formed to make "Forget-Me-Not Day" a remarkable success, and a tribute to the men who sacrificed much during the great war, for their fellow-citizens of this country.

The proceeds of "Forget-Me-Not Day" will be handled by banks in the various communities throughout the nation, the Central Trust Co. of Cincinnati, where the Disabled American Veterans' national headquarters is located, being national treasurer of the "Day." With ever cent realized from the sale of "Forget-Me-Not" on November 4th used for the disabled men of the nation, committees will be organized under the jurisdiction of civil officials and direction of duly authorized representatives of America's wounded and disabled veterans. "The proceeds of the November 4th campaign will go towards the needs of the disabled men everywhere in the country, whether or not they are affiliated with the Disabled American Veterans or any other veterans' organization," declared National Commander Cook. "In addition to our 800 chapters, with 100,000 members, there are many thousands of our comrades lying on beds of pain or toiling out their darkened

days, forgotten and neglected. It is to these also that we must extend the lifting hand. Needed legislation for the men who were wounded or disabled in action, relief to the needy, employment for those who among our unemployed comrades number into the thousands, special vocational and hospital treatment for those who require such aid, summer camps and meeting places where our maimed buddies can gather and work out their problems—these are but a few of the many laudable purposes for which our national "Forget-Me-Not Day" was created.

Committees of citizens, women war workers, ladies' clubs and other organizations are to be formed immediately in every city and town in the country, according to National Commander Cook, to enter into preparations for the coming "Forget-Me-Not Day" project, in the interests of America's wounded and disabled veterans of the world war.

### OUR TREES IN ENGLAND.

The British Forestry Commission, of which Lord Lovat is chairman, has just sent a letter of thanks to Charles Lathrop Pack, president of the American Forestry Association, for the tree seeds he gave that country some time ago. The American tree seeds are to aid in the reforestation work in Ireland, Scotland and Britain. The disposition of them is outlined in Lord Lovat's letter as follows.

"Allow me, in the name of the Forestry Commissioners of Great Britain, to thank you very sincerely for your magnificent gift. I think this gift should not be entirely wasted in British state forests, but should also be used to serve as a permanent remembrance in private forests of the gift of the foresters of the United States to this country. I propose, with your permission, therefore, to divide the seed as follows:

sion, therefore, to divide the seed as follows:

"To use two-fifths in the State forests—the seed to be earmarked in the nurseries and, as far as possible, used in separate plantations or in areas on plantations in which the origin of the seed is specially recorded.

"To send, in the name of your Association, the quota due to the Northern Government and the Southern Provisional Governments in Ireland.

"To send 100 pounds of seed to the English and Scottish Arboricultural Societies, and 100 pounds to the Irish Horticultural Society as a gift from the American Forestry Association subject to the proviso that the seed shall only be given to members who are prepared (a) to rear and plant out seedlings on their own property; (b) to keep a record of the results obtained and the areas where the seedlings are planted."

Similar shipments were sent by Mr. Pack to France, Italy, and Belgium to aid in reforestation work in those countries.

### GREAT TIMES ARE IN PROSPECT AT KY. STATE FAIR

Home Coming and Reunion To Be  
Held During Big State Fair  
Meeting.

Louisville, Ky. — So complete are the plans for the "Home Coming and Reunion Week" formulated by the Young Business Men's League as the hospitality and human element of the Kentucky State Fair the week of September 11, that even a recluse or a hermit would have difficulty in not finding at least one reunion to which some past activity of this life would make him eligible and renew the spirit of fellowship and comradeship which comes with man's association with his fellow-man.

The wide sweep of reunions outlined include political, fraternal, and school and military groups subdivided small enough so acquaintanceship and chatty sociability will be easy and natural. They will bring old friends together easily and quickly and lessen almost to the vanishing point the chance of any visitor in Louisville to the State Fair being alone or alone.

All of the last six state administrations are to be represented in the reunions with the highest ranking officials of the executive and legislative branches as chairman. For the administrations prior to those of the late United States Senator W. O. Bradley, A. J. Carroll is to be chairman.

While the political group reunions are expected to bring hundreds together, the military, fraternal and educational gatherings will have the widest appeal. Veterans of four wars, including the Mexican, will have their individual booths as meeting places in the reunion scheme as will graduates and former students in every educational institution of note in Kentucky. So that absolutely no visitor can be left without a meeting place, the largest booths of all will be those for reunions of present and former residents of the various sections of Kentucky.

Days will be designated for the many gatherings. In selecting them the idea has been to choose one on which the greatest number from the reunion scheduled are certain to be present. Military reunions will be on military day, former administrations on Governors Day and other on similarly appropriate days.

### WHEN A SNAKE BITES.

Going hiking or camping this summer and fall? Here are some tips for the citizen-tourist or any other kind in regard to the best line of action following a snake bite. Only a few kinds of snakes are poisonous. Most of them are more afraid of you than you are of them, but it is best to be prepared, in view of what an expert says about a supposedly famous cure.

If bitten by a rattler do not lose your head. First place a ligature on the limb between the wound and the heart, writes Will C. Barnes in the American Forestry Magazine. If on the body where such a thing is not possible, your chances for recovery are greatly lessened.

Second, scarify the wound with a keen knife, knead the flesh so as to

encourage bleeding which really washes the poison from the wound, such it vigorously if your lips and mouth have no broken places.

Don't leave the ligature in one place or closed down for more than ten or fifteen minutes without loosening it for a moment to allow the blood to flow. This permits the poison, if in the veins, to enter the rest of the body in small amounts and minimizes its effect.

Do everything to produce profuse sweating in the patient. Give alcohol only in small doses, a teaspoonful at the most; avoid ammonia as a stimulant, and never give doses of whiskey except as alcohol. "People do not recover from snake bite," agree all these authorities, "because of the whiskey used, but in spite of it."

And, finally, don't undertake to emulate the Hopi Indian. He and his ancestors for a thousand years back—for four hundred of which we have authentic records—have been handling and "worshipping" these reptiles, and even they are not infrequently the victims of misplaced confidence and are bitten and seek refuge in their mysterious and so far unknown cure.

### FATHER DISOWNS CARUSO'S WIDOW.

### THE PROPER COURSE Information of Priceless Value to Every Maysville Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Maysville citizen who used the man who publicly tells of the benefit derived?

Ben P. Fleming, county constable, 228 Limestone street, Maysville, says: "I have used Doan's Kidney Pills off and on for several years when I have needed them. At times my kidneys got out of order and I suffered with a dull constant ache through the small of my back. The kidney secretions were irregular in passage. A box or so of Doan's never fails to relieve the trouble in a short time."

The above statement was given November 14, 1918, and on November 22, 1920 Mr. Fleming added: "I am glad to renew the statement I gave for Doan's some years ago as the cure they made for me has been permanent."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fleming had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

### WALLACE REID IN

#### "THE WORLD'S CHAMPION."

A champion star in a knockout picture is the ringer attraction at Washington Theater Thursday night. Adapted from the play by Thomas Loudon and A. E. Thomas, this promises to be one of the best Paramount pictures in which Wallace Reid has starred.

The story concerns the son of a British commoner, who falls in love with a lady of the nobility, is rebuked by his father, goes to America and in seven years becomes the middleweight champion of the world. He returns to England, thrashes a former rival and then is accepted by the girl after he confides to her that he is now an attorney-at-law, having taken up law after retiring from the fight game, the undefeated champion. The characters are played in a satirical vein and the comedy is rich and highly entertaining. Lois Wilson is leading woman, Lionel Belmore plays the father, Henry Miller, Jr., a brother and Helen Dunbar, Leslie Casey, S. J. Sanford, W. J. Ferguson and Guy Oliver the remaining character roles.

### COLORED CITIZENS

In the vernacular of the boys in the street, the Colored Boys Band of Maysville under the management of Prof. Grant Hill, is fast forging to the front. On last Saturday they played an engagement at Sharpsburg, Ky. This Saturday at Flemingsburg. As merit counts, that is an indication of the band's progress.

### FOOTBALL AT THE HIGH SCHOOL.

School opens on Tuesday and the first call for football practice will be sounded on Wednesday. This will officially open the 1922 season in Maysville, but unofficially, the aspirants for position on the "varsity" have been practicing mentally and, in some instances, physically for some time, while coach has been attending lectures given by Warren, Camp and Yost. He has also been in consultation with Banks who captained the best team ever turned out by Syracuse. The High School should have a winning team on the field this year.

Mr. Shropshire for many years has been in the circus business and is now on the road with a circus. He is planning to retire from the road life and has selected Maysville as a permanent location.

He is a clever gentleman and a live-wire business man. Maysville will welcome him as a resident.

### HOPE STILL HELD OUT FOR ENTOMBED MEN.

Jackson, Calif., Aug. 31. — Intense heat was encountered by rescue parties today as they dug their way toward the subterranean chamber where 47 miners are entombed, in the depths of the Argonaut gold mine.

Despite this it is believed the victims may be found alive, as they had time to raise bars of rock between themselves and the fire that cut them off half a mile underground.

The number of men buried was raised to 47 when street clothes of four who had failed to check in at the mine office before going below were found in the lockers.

Engineers estimate now that the entombed men will be reached Saturday.

### CITY SCHOOL BOARD MEETS.

The regular monthly meeting of the Maysville City Board of Education will be held Thursday evening at 7:30 at the office of the Superintendent in the High School building. ### JOHNSON'S LEAD GROWS IN CALIFORNIA PRIMARY

Republican Senator Wins Re-Nomination in Primary Election By Large Plurality.

San Francisco, Aug. 31. — Senator Hiram W. Johnson's lead for Republican nomination for United States Senator from California, in yesterday's primary stood at 62,711 tonight, with about two-thirds of the votes in the state counted. His vote in 4,325 precincts out of 6,695 was 218,013 to 155,302 for Charles C. Moore, San Francisco engineer and president of the Pan-American Pacific Exposition in 1915.

Only four counties in the state out of 58 went for Moore, two of them being Los Angeles and San Diego, where substantial pluralities for Johnson's opponent were rolled up. Elsewhere Johnson was successful by varying majorities, the total San Francisco vote being 52,883 to 34,292, a margin of 18,591 for the incumbent senator.

At the November election he will be opposed by W. J. Pearson of Los Angeles, Democrat; Upton Sinclair, of Pasadena, socialist, and H. Clay Needham of Newhall, prohibitionist. Needham is a former congressman while Sinclair is a writer.

### NO HORSESHOE BAND PRACTICE TONIGHT.

There will be no practice of the Horseshoe Band Thursday evening but all members of the band, without uniforms, will meet at the band room at 4 o'clock Saturday afternoon to march to the depot and meet the Cardinal Band returning from the Lawrence County Fair. The Horseshoe Band will also make music Labor Day at the ball game.

Daughter Took Lydia E. Pinkham's Vegetable Compound as Mother Advised

Wauseon, Ohio. — "My daughter always had backache and leg-ache at certain periods and could not be on her feet at those times. We read about Lydia E. Pinkham's Vegetable Compound doing girls so much good so she began to take it. That is two years ago and she is a different girl since then. She is able to do any work she wants to do—although she is still careful not to do heavy work—and so well and strong. We recommend Lydia E. Pinkham's Vegetable Compound to all mothers with ailing daughters, and I give you permission to publish this letter as a testimonial." — Mrs. A. M. BURKHOLDER, Route No. 2, Box 1, Wauseon, Ohio.

Something out of balance will affect the finest clock, causing it to gain or lose. The proper adjustment made, all is well. So it is with women. Some trouble may upset you completely. Lydia E. Pinkham's Vegetable Compound will correct the cause of the trouble and disagreeable symptoms will disappear as they did in the case of Mrs. Burkholder's daughter.

MOTHERS — it is worthy of your confidence.

## PICNIC

Labor Day, on Monday, September 4th, at Marshall's Woods, at Lewisburg, given by Thomas M. Batis Post, American Legion, of Maysville.

The Post is asking the churches of Mason and Fleming counties to assist in making this one of the best picnics that has ever been given in this section. Plenty of games and amusement for older people as well as the young. Arrangements have been made to have wagons carry people from Maysville for a reasonable fee. All are invited to come. Admission to the grounds 15 cents.

Mr. and Mrs. Lanson Haley are the proud parents of a fine nine pound baby, F. Lanson, Jr.
